ARJUN MEHTA

Product Designer

Pune · arjun.mehta@example.com · 98220 55667 · arjunmehta.design

PROFILE

Product designer with five years in fintech and healthcare, turning research into shipped interfaces and design systems.

PROFESSIONAL EXPERIENCE

Senior Product Designer — Medilink Health

2023 – Present

- Redesigned appointment booking for 120 clinics; task completion in usability tests rose from 61% to 89%.
- Built and maintained the Medilink design system in Figma: 140 components with accessibility notes for WCAG 2.1 AA.
- Ran 30 user interviews with receptionists and doctors and turned them into journey maps that set the roadmap.
- Partnered with engineering to ship a React component library aligned with the design tokens.

Product Designer — Ledgerly

2020 – 2023

- Designed the onboarding flow for a small-business accounting app, cutting drop-off at bank linking by 22%.
- Prototyped new invoice templates in Figma and validated them with 12 usability tests.
- Wrote the content guidelines for error messages and empty states.

EDUCATION

Bachelor of Design (Interaction Design), MIT Institute of Design, Pune

2016 – 2020
